NEWS LETTER 2022-23

HOD Message

I am pleased to share some of the exciting news in the department of Electronics and Telecommunication Engineering happened during the academic year 2022-23 through our Newsletter.

Newsletter is believed to be a focus of the inside activity i.e. academics, achievements of students and faculty as well as innovation occurring in the department. In the era of engineering and technology, this newsletter motivates the teachers and students of sharing their creativity and new ideas with the world and will help in their overall development.

During this year, the staff and students involved in various academic, curricular, extra curricular activities. As you read through the pages you will realize that the department had a successful academic year. I would like to thank all my colleagues for their tireless efforts for the progress of the department.

As the saying goes by "Coming together is beginning, keeping together is progress and working together is success."

-Mr. Shinde S. A.

VISION

To achieve Highest Standards of quality education and to create professional manpower in Electronics Telecommunication engineering domain beneficial to Society.

MISSION

- M1: Imparting quality technical education to the students by providing teaching learning environment
- M2: To provide sufficient industry exposure to the students
- M3: To prepare the students in engineering profession for betterment of society
- M4: To train the students to possess the critical thinking skill, creativity for problem solving

Program Educational Objectives

- PEO1:-Provide socially responsible, environment friendly solutions to Electronics and Telecommunication engineering related broad-based problems adapting professional ethics.
- PEO2:-Adapt state-of-the-art Electronics and Tele-communication broad-based technologies to work in multi-disciplinary work environments.
- PEO3:-Solve broad-based problems individually and as a team member communicating effectively in the world of work.
